

# Built to Last!

These Inpro/Seal® Bearing Isolators performed flawlessly protecting pump bearings for twenty-plus years in an Iowa Ethanol Refinery. Bearings are designed to last 175,000 hours, but very seldom do. With Inpro/Seal® permanent bearing protection in place, you can obtain these same long-term results in your facility.

## Any Questions?

For over 30 years, The Inpro/Seal® Company has been making the best performing, most reliable, longest lasting Bearing Isolators in the world. Almost all of the 2,000,000 Bearing Isolators we have sold to date are still performing today in process plants around the world.

That may be why more than 80% of the people buying permanent Bearing Isolators choose Inpro/Seal®.
